Discover the Newest Innovation in AC/Heating!

JON WAYNE Flex

Jon Wayne Flex AC systems offer flexible comfort solutions that a traditional AC can't, without compromising your comfort.

Why Choose a Flex AC System?

Space Saving Design

With an outdoor unit less than a third of the size of a traditional AC, the Flex system is perfect for those with limited space (like zero lot lines) or unique installation needs like wall mounting. Great for safety and regaining backyard space!

Whisper Quiet Operation

The Flex is so extremely quiet during operation that you won't even know it's "kicking in" due to its unique swing compressor with fewer moving parts. The results are low vibrations, low sound levels, and higher durability.

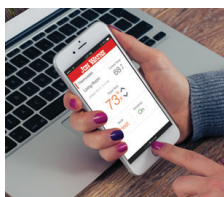

Energy Efficiency

The Flex system features a variable speed fan that uses less energy but can still ramp up to meet your needs even on the hottest Texas days. This is paired with a motor that is up to 40% more efficient than typical AC motors.

Build Quality & Warranty

Our Flex systems are built for quality and durability to handle extreme heat and humidity. Plus, they are backed by a 12-year parts & labor warranty and a 12-year unit replacement warranty, all serviced directly by Jon Wayne!

Intelligent System Controls

All Flex systems come with an intelligent, app-enabled, 2-way system control that makes full use of the system's wide operating range, precision, efficiency, adaptability, and capability to run multiple zones.

Air Quality & Humidity Control

By continuously running at low, energy-conserving levels, the Flex system is also constantly filtering the air in your home, ensuring optimal quality and removing the maximum amount of moisture from the air.

ABOUT THE SAN ANTONIO GUNSLINGERS

Picking up the legacy of the popular USFL team from the 80s, the Gunslingers were founded in 2020 as an expansion team in the American Arena League. After a successful first season, the team joined the growing National Arena League in the fall of 2021. The team changed ownership partway through the 2022 season but was still voted the NAL Franchise of the Year, and several of our players received awards for their skills!

We're excited to see what our 2023 season brings! For more info visit SanAntonioGunslingers.com

ABOUT THE NATIONAL ARENA LEAGUE

Founded in 2016, the National Arena League is now the premier leader in the sport of arena football. The NAL has rapidly grown throughout the United States, and has stretched coast to coast with six teams playing throughout the nation.

Mission Statement: *"To consistently provide reasonably priced family entertainment by vetted Arena/Indoor football teams, and to do so with honor and integrity towards our sponsors, fans, and supporters in the communities in which we serve."*

Check out the NAL website at NationalArenaLeague.com

HOW IS ARENA FOOTBALL DIFFERENT?

Arena football differs from the NFL football you are likely familiar with in many ways.

Our teams have a 20-man roster, compared to the NFL's 53, with only eight men on the field and most players playing both offense and defense.

Our field is half the size of an NFL field. This makes for a higher-scoring and more action-packed game. There are no sidelines; instead, a low wall surrounds the field, allowing our fans to get an up-close view of the game, and players to go "over the wall." We do request you give the players back, but you can keep the ball!

Scoring is similar to the NFL, but a successful drop kick earns two points (a "Deuce") and field goals earn four. The goal posts are larger, and there are also rebound nets on the sides of the goal posts. Kickoffs and passing plays that bounce off the nets are still in play.

NAL Fans' Bill of Rights

We, the players, coaches, officials, staff and owners of the National Arena League are thankful to the Fans that we serve; we appreciate their support, and dedicate ourselves collectively to providing them with the greatest sports in the world.

We believe that every Fan is entitled to a wholesome environment, free of violence or profane gestures and actions that could interfere with a first-class entertainment experience.

We believe that every Fan deserves our very best effort on a consistent basis, on every play on the field, every action in the stands, every call to our office, and in our involvement in our community.

We believe that every Fan is entitled to a total entertainment experience at an affordable price for all members of the family from the time they arrive at the arena to the time they depart.

We believe that every Fan should receive the very best in fair and competitive football, entertainment, merchandise, food, and beverage for their money.

We will offer Fans the opportunity to interact with and have access to players and coaches for autographs and conversation at the end of every game.

We believe that Fans are entitled to fast, accurate, and complete information about our players, coaches, league, games, and performance.

We believe that Fans expect the National Arena League to be comprised of gentlemen and ladies who are examples and role models for youth, free of physical violence, drugs, alcohol, and gambling abuse.

We believe that Fans expect us to honor our country before each game.

We encourage teams to pray together with Fans before each game begins.

We expect NAL teams to be involved in our communities and to make contributions for a better, safer, and more positive place to live.

We believe that Fans should know that we are committed to serve and not to be served, to give and not to just take, and to inspire and encourage people to higher levels of personal and professional achievement.

ULTIMATE Cooling Tune Up

an \$800 value
ONLY \$199!

35+ Point Inspection:

We'll inspect your system from top to bottom, inside and out. We check for proper voltage, secure wiring connections, check the balance of your blower fan, and more! This detailed inspection can catch many small problems before they become expensive problems.

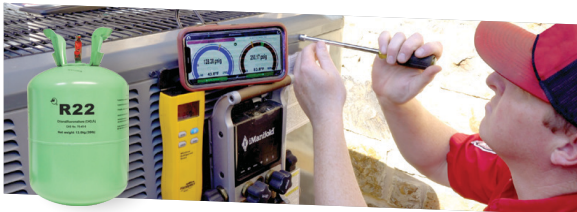

Outdoor Coil Cleaning:

We'll thoroughly clean the coil of your outdoor unit to ensure your system is working at maximum efficiency. Dirt and debris block airflow, retain heat, and cause your system to struggle, reducing the lifespan of your unit.

Drain Line Flush:

We'll vigorously clean and flush the drain line of your indoor unit, so you never have to worry about a wet mess. A clogged drain line can cause a multitude of issues, from poor system performance to water damage and mold growth.

Refrigerant Level Check:

We'll check your Refrigerant levels and add the *first pound of Freon completely FREE!* While some older A/C units tend to lose a bit of Freon with age, low Freon can also be a sign of a larger leak or damaged component. Low Freon can prevent your system from cooling and cause damage to your compressor.

Exclusive Compressor Saver:

We'll also install our Exclusive Compressor Saver! Our compressor saver reduces start time and protects your compressor and other vital components from wear and tear, extending the lifespan of your A/C system.

Call Now! 210-293-5547

**We guarantee your system won't fail
this summer after our Ultimate Tune Up!***

Want Hot, Soft, & Clean Water for Your Whole House?

We have multiple solutions including...

- 💧 **Traditional and Tankless Water Heaters**
- 💧 **Halo 5 Whole House Water Treatment**
- 💧 **Whole Home Water Softeners**

..and Much More!

At Jon Wayne we offer our customers a wide variety of whole home water treatment options, tailored to your specific needs, including the new proprietary **HALO 5** Water Treatment System.

HALO 5 solves hard water problems by physically treating the water. NO salts or chemicals are added. The **HALO 5** has a maintenance-free, four-stage media bed that provides a high level of filtration for all of your household water.

What whole home water treatment can do for you!

- 💧 Give you an endless supply of hot water for showers and laundry.
- 💧 Control hard water problems, dissolve existing scale, prevent new scale formations, and inhibit corrosion to your appliances. This also extends the lifespan and energy efficiency of appliances.
- 💧 Filter out pollutants found in tap water, which gives the water a great taste, makes showers feel better and helps your washer clean more effectively.

ST. GERARD

—EDUCATION & ATHLETIC CENTER—

Proud to be the Official Practice Facility

SAN ANTONIO
GUNSLINGERS

Six Shooters

About St. Gerard

Starting in the summer of 2023, St. Gerard will reopen as an Education and Athletic center providing opportunities to all students across the Archdiocese of San Antonio. The mission is simple- build upon the excellence of Catholic education by adding additional opportunities for each of our students.

Facility Rental

With the San Antonio skyline as our backdrop, St. Gerard also offers a prime location to host both one-time and ongoing events. St. Gerard is truly a multi-use facility. Our rental options include a sports field, gym, stage, cafeteria and classrooms of various sizes and layouts.
