TODAY'S GAME THEME

#1 Phillip Barnett and #6 Kadir Chisholm

TODAY'S FEATURED PERFORMANCES

PRESENTING THE COLORS

JBSA Air Force Honor Guard

The JBSA Air Force Base Honor Guard, part of the 502d Air Base Wing, provides military honors for the funerals of all active duty members, retirees, and veterans who have served honorably.

The goal of the Honor Guard is "To Honor With Dignity." They also provide "Colors" support for promotions, retirements, recognition ceremonies, and other base/civic activities.

PERFORMING THE NATIONAL ANTHEM

Randy Carroll

Randy is a 40+ year radio broadcast veteran, talented musician, and local legend. He has been inducted into both the Texas Radio Hall of Fame and the San Antonio Radio Hall of Fame.

Currently he hosts the morning show on KJ97, but he has performed with artists including Kenny Chesney, Trisha Yearwood, Martina McBride, and Jewel. He has also made several television appearances.

LEADING THE PRAYER

Manny Ruiz

Manny Ruiz is the Market President of American Bank, a local community bank and Gunslingers partner.

Ruiz is active in supporting his community, currently serving as a Deacon at First Baptist Church of San Antonio. He also serves on the Board of Regents for Baylor University and is a board member for a number of local community organizations and foundations.

GUEST SPEAKER

Trey Ware

Trey Ware is one of San Antonio's and Texas's most well-known radio and television personalities. In his 46+ years on the air, he has been inducted into both the Texas Radio Hall of Fame and the San Antonio Radio Hall of Fame, and has earned a reputation as someone who pulls no punches.

Every morning he confronts the challenging issues facing SA and the USA with a viewpoint rooted in traditional Christian values, reason, and humor.

PLUS A SPECIAL APPEARANCE BY THE Combat Veterans Motorcycle Association

CVMA is a league of combat veterans from all branches of the United States Armed Forces who ride motorcycles as a hobby. Their mission is to support and protect those who have defended our country and our freedoms. Their focus is providing assistance to individual veterans, veteran care facilities, other veteran organizations, and registered charities. They also sponsor and participate in many veteran-related motorcycle (and other) charity events each year, and as a non-profit organization, donate to various veteran causes.

#24 Arthur Hobbs

TEAM ROSTER

GIVE BACK TO MILITARY MEMBERS & THEIR FAMILIES

The San Antonio Gunslingers have partnered with Veteran Tickets Foundation (VetTix.org) to give back to those who have sacrificed so much to protect our freedoms and way of life.

Every Gunslingers game, free and heavily discounted tickets are provided to verified military families in the San Antonio area. These free tickets are made possible by the generous donations of our fans and corporate partners.

Scan the QR if you would like to help support the program and bless armed forces members at our next home game!

ABOUT THE SAN ANTONIO GUNSLINGERS

Picking up the legacy of the popular USFL team from the 80s, the Gunslingers were founded in 2020 as an expansion team in the American Arena League. After a successful first season, the team joined the growing National Arena League in the fall of 2021. The team changed ownership partway through the 2022 season but was still voted the NAL Franchise of the Year, and several of our players received awards for their skills!

We're excited to see what our 2023 season brings! For more info visit SanAntonioGunslingers.com

ABOUT THE NATIONAL ARENA LEAGUE

Founded in 2016, the National Arena League is now the premier leader in the sport of arena football. The NAL has rapidly grown throughout the United States, and has stretched coast to coast with seven teams playing throughout the nation.

Our Mission Statement is *"To consistently provide reasonably priced family entertainment by vetted Arena/Indoor football teams, and to do so with honor and integrity towards our sponsors, fans, and supporters in the communities in which we serve."*

Check out the NAL website at NationalArenaLeague.com

HOW IS ARENA FOOTBALL DIFFERENT?

Arena football as played in the National Arena League (NAL) is different from the outdoor game in many ways.

Our teams have a 21-man roster, compared to a 53-man roster in outdoor football. There are only eight men on the field, and five of those players play both offense and defense.

Our field is half the size of the outdoor field, and a little more than half as wide because there are no sidelines. A four foot padded wall called the "dasher board" surrounds the field instead. A player is down if they are pushed into the wall or hold the ball over the wall. This wall allows fans to get an up-close view of the game, and players can and do go over the wall. When this happens, we do request you give the players back, but you can keep the ball!

Scoring is similar to the outdoor game, but there are more ways to score. On a kickoff, a kicker who sends the ball through the uprights on the opposite end scores a "Deuce" for two points. But *if the kicker misses the net to the left or right, the receiving team is awarded a point instead.* A kick that rebounds off the net is live. If a kickoff returner is tackled in the end zone, the kicking team is awarded a point called a "Rouge" or "Uno." Speaking of the kicking game, the goal posts are half as wide as in the outdoor game, making extra points a lot harder. A team may also "go for two."

All of this is designed to make NAL games high-scoring, action-packed, and exciting to watch. We hope you will agree!

NAL Fans' Bill of Rights

We, the players, coaches, officials, staff and owners of the National Arena League are thankful to the Fans that we serve; we appreciate their support, and dedicate ourselves collectively to providing them with the greatest sports in the world.

We believe that every Fan is entitled to a wholesome environment, free of violence or profane gestures and actions that could interfere with a first-class entertainment experience.

We believe that every Fan deserves our very best effort on a consistent basis, on every play on the field, every action in the stands, every call to our office, and in our involvement in our community.

We believe that every Fan is entitled to a total entertainment experience at an affordable price for all members of the family from the time they arrive at the arena to the time they depart.

We believe that every Fan should receive the very best in fair and competitive football, entertainment, merchandise, food, and beverage for their money.

We will offer Fans the opportunity to interact with and have access to players and coaches for autographs and conversation at the end of every game.

We believe that Fans are entitled to fast, accurate, and complete information about our players, coaches, league, games, and performance.

We believe that Fans expect the National Arena League to be comprised of gentlemen and ladies who are examples and role models for youth, free of physical violence, drugs, alcohol, and gambling abuse.

We believe that Fans expect us to honor our country before each game.

We encourage teams to pray together with Fans before each game begins.

We expect NAL teams to be involved in our communities and to make contributions for a better, safer, and more positive place to live.

We believe that Fans should know that we are committed to serve and not to be served, to give and not to just take, and to inspire and encourage people to higher levels of personal and professional achievement.

#92 Calvin Fance

We have AC Systems as low as \$72 per month!

JON WAYNE Flex

Jon Wayne Flex AC systems offer flexible comfort solutions that a traditional AC can't, without compromising your comfort.

Why Choose a Flex AC System?

Space Saving Design

With an outdoor unit less than a third of the size of a traditional AC, the Flex system is perfect for those with limited space (like zero lot lines) or unique installation needs like wall mounting. Great for safety and regaining backyard space!

Whisper Quiet Operation

The Flex is so extremely quiet during operation that you won't even know it's "kicking in" due to its unique swing compressor with fewer moving parts. The results are low vibrations, low sound levels, and higher durability.

Energy Efficiency

The Flex system features a variable speed fan that uses less energy but can still ramp up to meet your needs even on the hottest Texas days. This is paired with a motor that is up to 40% more efficient than typical AC motors.

Build Quality & Warranty

Our Flex systems are built for quality and durability to handle extreme heat and humidity. Plus, they are backed by a 12-year parts & labor warranty and a 12-year unit replacement warranty, all serviced directly by Jon Wayne!

Intelligent System Controls

All Flex systems come with an intelligent, app-enabled, 2-way system control that makes full use of the system's wide operating range, precision, efficiency, adaptability, and capability to run multiple zones.

Air Quality & Humidity Control

By continuously running at low, energy-conserving levels, the Flex system is also constantly filtering the air in your home, ensuring optimal quality and removing the maximum amount of moisture from the air.

GUNSLINGERS EMERGE VICTORS IN BATTLE OF TEXAS - SECURE 5-0

ODESSA, TX - The inaugural "Battle of Texas" between the San Antonio Gunslingers and the West Texas Warbirds did not disappoint. The teams played like they were rivals, despite having very different records, with the game being decided late in the fourth quarter, 38-36. San Antonio (5-0) came away with the win, and the fans in West Texas (1-4) with an entertaining contest.

The Warbirds gave the Gunslingers all they could handle after reworking their entire offense. San Antonio's quarterback, Arvell Nelson, acknowledged their effort saying, "The Warbirds fought hard. They are getting better every week. They came in with a great offensive game plan and got the ball out quick." West Texas quarterback Daniel Smith was often pressured but never sacked in the contest. He completed 20 of 36 passes for two touchdowns and rushed for two more touchdowns. Jordan Gandy caught both touchdown passes, and the Warbirds added to their tally on a 'pick six' interception by Trevonte Coleman. Turnovers ultimately doomed the Warbirds' bid as they were stopped three times on fourth down, had a field goal attempt blocked, and fumbled the ball away once.

The Gunslingers returned the favor by committing three of their own turnovers coming on two interceptions and a failed fourth down conversion. Nelson completed 17 of 33 passes with three touchdowns and rushed for two more touchdowns.

Pierre Turner added another rushing touchdown. Kadir Chisolm led the team with two touchdown receptions, followed by Phillip Barnett with a single reception that opened the scoring for San Antonio.

This win did not silence the pundits pointing to the Gunslingers' narrow margins of victory, with one broadcast commentator referring to their season as "a house of cards." The Gunslingers' veteran fullback and Mac linebacker Pierre Turner had a different take entirely. "Resilience is what separates us from the other teams, being able to overcome adversity and to continue to come away with the wins. That's what makes us a championship caliber team. The scary part is, we haven't even come close to our full potential."

San Antonio next plays at home, coming off six weeks on the road, hosting the 3-2 Jacksonville Sharks at the Freeman Coliseum on Sunday May 28th. West Texas travels to Orlando to take on the 1-3 Predators on Saturday May 27th in the Amway Center.

Article by Ralph Judkins

Ralph has been a Sports Radio Broadcaster and a staple in the local sports community for over a decade. He also is one of only four professional sports play-by-play announcers in San Antonio. By day he teaches math at Judson High School.

#7 ARVELL NELSON

ALL ABOUT ARVELL "VELLY" NELSON

How long have you played professional football and where?
I've played football for over 10 years including at Texas Southern University.

Where did you graduate from?
Texas Southern University.

What is your day job?
I'm a Sports Coach.

Are you married?
Yes, I married my wife, Shaina Nelson in 2021.

What are your hobbies?
Coaching, playing basketball and watching movies.

What football related accomplishments are you most proud of?
Winning the ArenaBowl championships and helping coach a high school state championship.

What's your favorite music to work out to? Rap music. Jay-Z, Rick Ross, etc.

What's your favorite food to eat before a game? Chicken and shrimp pasta!

Anything else you would like to share with you fans? I love Jesus and my wife!

ULTIMATE Cooling Tune Up

an \$800 value
ONLY \$179!

35+ Point Inspection:

We'll inspect your system from top to bottom, inside and out. We check for proper voltage, secure wiring connections, check the balance of your blower fan, and more! This detailed inspection can catch many small problems before they become expensive problems.

Outdoor Coil Cleaning:

We'll thoroughly clean the coil of your outdoor unit to ensure your system is working at maximum efficiency. Dirt and debris block airflow, retain heat, and cause your system to struggle, reducing the lifespan of your unit.

Drain Line Flush:

We'll vigorously clean and flush the drain line of your indoor unit, so you never have to worry about a wet mess. A clogged drain line can cause a multitude of issues, from poor system performance to water damage and mold growth.

Refrigerant Level Check:

We'll check your refrigerant levels and add the **first pound of Freon completely FREE!** While some older AC units tend to lose a bit of Freon with age, low Freon can also be a sign of a larger leak or damaged component. Low Freon can prevent your system from cooling and cause damage to your compressor.

Exclusive Compressor Saver:

We'll also install our Exclusive Compressor Saver! Our compressor saver reduces start time and protects your compressor and other vital components from wear and tear, extending the lifespan of your AC system.

Call Now! 210-293-5547

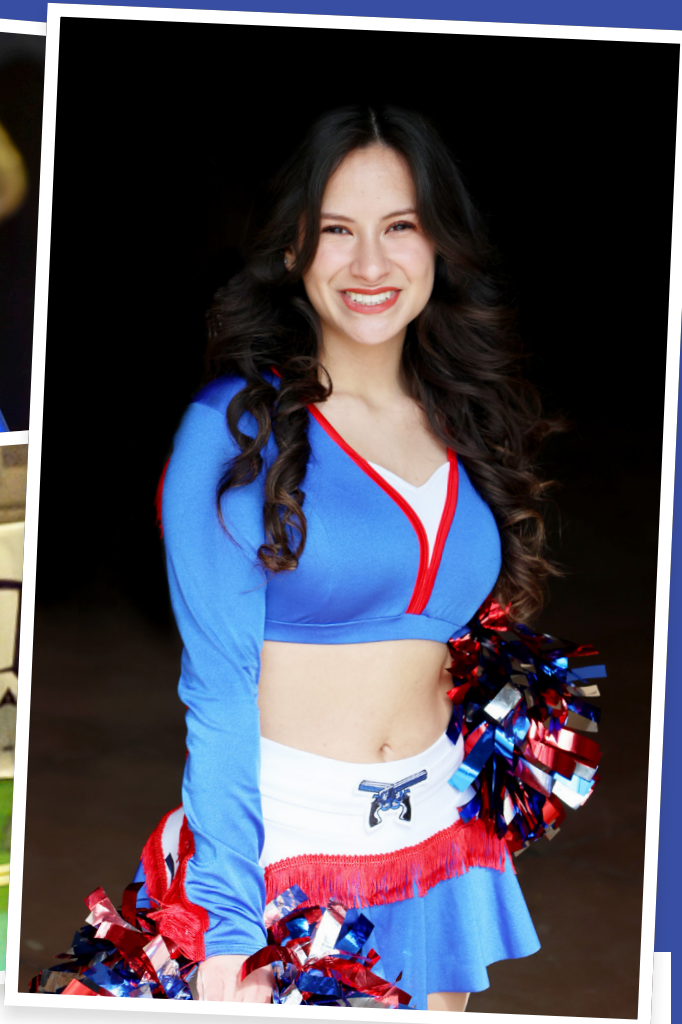

**We guarantee your system won't fail
this summer after our Ultimate Tune Up!***

MADISYN DAVALOS

ALL ABOUT MADISYN “MADI” DAVALOS

How long have you been a cheerleader/dancer?

Since I was about 5. I've taken ballet, tap, jazz, cheer (Pop Warner), little lassos, lyrical, and then varsity dance team at Edison.

What inspired you to get into dance/cheer?

My mom was a dancer and I always had dance in my heart.

What is your day job?

I'm a full-time student studying to be a nurse at San Antonio College.

What are your hobbies? Dance has always been my main hobby.

What accomplishments are you most proud of?

I'm most proud of graduating high school and continuing my studies instead of giving up. I always try to do my best in any situation that is thrown at me.

What is your favorite music to dance/work out to?

I personally listen to pretty much anything and everything except heavy metal.

What is your favorite part about being a Six Shooter?

Being able to interact with the younger kids. It reminds me of when I was little looking up to the older dancers wanting to be like them.

Want Hot, Soft, & Clean Water for Your Whole House?

We have Water Heaters as low as \$29 per month!*

We have multiple solutions including...

- 💧 **Traditional and Tankless Water Heaters**
- 💧 **Halo 5 Whole House Water Treatment**
- 💧 **Whole Home Water Softeners**

..and Much More!

At Jon Wayne we offer our customers a wide variety of whole home water treatment options, tailored to your specific needs, including the new proprietary HALO 5 Water Treatment System.

HALO 5 solves hard water problems by physically treating the water. NO salts or chemicals are added. The HALO 5 has a maintenance-free, four-stage media bed that provides a high level of filtration for all of your household water.

What our whole home water solutions can do for you!

- 💧 Give you an endless supply of hot water for showers and laundry.
- 💧 Control hard water problems, dissolve existing scale, prevent new scale formation, and inhibit corrosion to your appliances. This also extends the lifespan and energy efficiency of appliances.
- 💧 Filter out pollutants found in tap water, which gives the water a great taste, makes showers feel better and helps your washer clean more effectively.
