HALFTIME PERFORMANCE

Mounted Shooting Demonstration

Tonight's performance will be a demonstration of Cowboy Mounted Shooting by renowned contestants Ashley Kindred, Rickette Collins, & Ross Collins.

Cowboy Mounted Shooting is the fastest-growing equestrian sport in the nation. You'll feel like you're back in the wild west when watching mounted contestants compete in this action-packed event. Riders on horseback use two .45 caliber single-action revolvers, each loaded with five rounds of specially prepared blank ammunition, to shoot a set of 10 balloon targets set in one of 50 patterns. They are scored on both accuracy and speed.

ABOUT THE SAN ANTONIO GUNSLINGERS

Picking up the legacy of the popular USFL team from the 80s, the Gunslingers were founded in 2020 as an expansion team in the American Arena League. After a successful first season, the team joined the growing National Arena League in the fall of 2021. The team changed ownership partway through the 2022 season but was still voted the NAL Franchise of the Year, and several of our players received awards for their skills!

We're excited to see what our 2023 season brings! For more info visit SanAntonioGunslingers.com

ABOUT THE NATIONAL ARENA LEAGUE

Founded in 2016, the National Arena League is now the premier leader in the sport of arena football. The NAL has rapidly grown throughout the United States, and has stretched coast to coast with seven teams playing throughout the nation.

Our Mission Statement is *"To consistently provide reasonably priced family entertainment by vetted Arena/Indoor football teams, and to do so with honor and integrity towards our sponsors, fans, and supporters in the communities in which we serve."*

Check out the NAL website at NationalArenaLeague.com

HOW IS ARENA FOOTBALL DIFFERENT?

Arena football as played in the National Arena League (NAL) is different from the outdoor game in many ways.

Our teams have a 21-man roster, compared to a 53-man roster in outdoor football. There are only eight men on the field, and five of those players play both offense and defense.

Our field is half the size of the outdoor field, and a little more than half as wide because there are no sidelines. A four foot padded wall called the "dasher board" surrounds the field instead. A player is down if they are pushed into the wall or hold the ball over the wall. This wall allows fans to get an up-close view of the game, and players can and do go over the wall. When this happens, we do request you give the players back, but you can keep the ball!

Scoring is similar to the outdoor game, but there are more ways to score. On a kickoff, a kicker who sends the ball through the uprights on the opposite end scores a "Deuce" for two points. But *if the kicker misses the net to the left or right, the receiving team is awarded a point instead.* A kick that rebounds off the net is live. If a kickoff returner is tackled in the end zone, the kicking team is awarded a point called a "Rouge" or "Uno." Speaking of the kicking game, the goal posts are half as wide as in the outdoor game, making extra points a lot harder. A team may also "go for two."

All of this is designed to make NAL games high-scoring, action-packed, and exciting to watch. We hope you will agree!

#21 Kyle Chandler

NAL Fans' Bill of Rights

We, the players, coaches, officials, staff and owners of the National Arena League are thankful to the Fans that we serve; we appreciate their support, and dedicate ourselves collectively to providing them with the greatest sports in the world.

We believe that every Fan is entitled to a wholesome environment, free of violence or profane gestures and actions that could interfere with a first-class entertainment experience.

We believe that every Fan deserves our very best effort on a consistent basis, on every play on the field, every action in the stands, every call to our office, and in our involvement in our community.

We believe that every Fan is entitled to a total entertainment experience at an affordable price for all members of the family from the time they arrive at the arena to the time they depart.

We believe that every Fan should receive the very best in fair and competitive football, entertainment, merchandise, food, and beverage for their money.

We will offer Fans the opportunity to interact with and have access to players and coaches for autographs and conversation at the end of every game.

We believe that Fans are entitled to fast, accurate, and complete information about our players, coaches, league, games, and performance.

We believe that Fans expect the National Arena League to be comprised of gentlemen and ladies who are examples and role models for youth, free of physical violence, drugs, alcohol, and gambling abuse.

We believe that Fans expect us to honor our country before each game.

We encourage teams to pray together with Fans before each game begins.

We expect NAL teams to be involved in our communities and to make contributions for a better, safer, and more positive place to live.

We believe that Fans should know that we are committed to serve and not to be served, to give and not to just take, and to inspire and encourage people to higher levels of personal and professional achievement.

We have AC Systems as low as \$72 per month!

JON WAYNE Flex

Jon Wayne Flex AC systems offer flexible comfort solutions that a traditional AC can't, without compromising your comfort.

Why Choose a Flex AC System?

Space Saving Design

With an outdoor unit less than a third of the size of a traditional AC, the Flex system is perfect for those with limited space (like zero lot lines) or unique installation needs like wall mounting. Great for safety and regaining backyard space!

Whisper Quiet Operation

The Flex is so extremely quiet during operation that you won't even know it's "kicking in" due to its unique swing compressor with fewer moving parts. The results are low vibrations, low sound levels, and higher durability.

Energy Efficiency

The Flex system features a variable speed fan that uses less energy but can still ramp up to meet your needs even on the hottest Texas days. This is paired with a motor that is up to 40% more efficient than typical AC motors.

Build Quality & Warranty

Our Flex systems are built for quality and durability to handle extreme heat and humidity. Plus, they are backed by a 12-year parts & labor warranty and a 12-year unit replacement warranty, all serviced directly by Jon Wayne!

Intelligent System Controls

All Flex systems come with an intelligent, app-enabled, 2-way system control that makes full use of the system's wide operating range, precision, efficiency, adaptability, and capability to run multiple zones.

Air Quality & Humidity Control

By continuously running at low, energy-conserving levels, the Flex system is also constantly filtering the air in your home, ensuring optimal quality and removing the maximum amount of moisture from the air.

GUNSLINGERS MOVE TO 6-1 AFTER WIN OVER PREDATORS

The San Antonio Gunslingers' solid first half performance at the Freeman Coliseum propelled them over a rebuilding Orlando 44-33.

The Gunslingers improve to 6-1 and remain atop the league, while the Predators fall to last place at 1-5.

Orlando started the game out strong, scoring on their first two possessions to lead 13-6 at the end of the first quarter. But their first possession in the second quarter ended with a touchback interception by Kyle Chandler. Arthur Hobbs made a second interception that ricocheted off the net early in the fourth quarter, marking the third and final turnover by the Predators. Jonathan Bane completed 23 of 32 passes with five touchdowns to two interceptions. Clarence Williams caught two in the first quarter, Lonnie Outlaw caught a touchdown in the third quarter, and Darius Prince had two touchdowns in the fourth quarter. As a kickoff returner, Prince made only 47 yards on four returns for his lowest performance as a Predator after scorching Carolina for 251 yards on nine returns with two touchdowns three weeks ago.

San Antonio scored on all three of their first half possessions and picked off the first of two Jonathan Bane interceptions to take a 21-13 lead. Drew Pearson's first deuce of the season made the score 23-13 at the half. Pearson went on to turn in a perfect six for six extra point conversions and kicked the first successful onside recovery of the

season, denying Orlando their first possession of the second half. Arvell Nelson completed 20 of 29 passes including three touchdowns and rushed for three more. Kevin Reynolds, Phillip Barnett, and Kali Rashaad each hauled in a touchdown reception. Robert Kent Jr. came in for the final Gunslingers possession and completed two for five passes in relief, but was intercepted by Lonnie Outlaw to end the final drive. San Antonio's Head Coach Fred Shaw summarized, "This was the bounce back game we needed. We got a much better performance from (Arvell) Nelson this week. I knew he was going to bounce back. I believe in him."

San Antonio enters a bye week before continuing their home stand as they get ready for part two of the 'Battle for Texas' with the (2-5) West Texas Warbirds, Saturday June 17th. The Predators get set to play the (1-5) Albany Empire next Friday June 9th in Orlando to keep their playoff hopes alive.

ULTIMATE Cooling Tune Up

an \$800 value
ONLY \$179!

35+ Point Inspection:

We'll inspect your system from top to bottom, inside and out. We check for proper voltage, secure wiring connections, check the balance of your blower fan, and more! This detailed inspection can catch many small problems before they become expensive problems.

Outdoor Coil Cleaning:

We'll thoroughly clean the coil of your outdoor unit to ensure your system is working at maximum efficiency. Dirt and debris block airflow, retain heat, and cause your system to struggle, reducing the lifespan of your unit.

Drain Line Flush:

We'll vigorously clean and flush the drain line of your indoor unit, so you never have to worry about a wet mess. A clogged drain line can cause a multitude of issues, from poor system performance to water damage and mold growth.

Refrigerant Level Check:

We'll check your refrigerant levels and add the **first pound of Freon completely FREE!** While some older AC units tend to lose a bit of Freon with age, low Freon can also be a sign of a larger leak or damaged component. Low Freon can prevent your system from cooling and cause damage to your compressor.

Exclusive Compressor Saver:

We'll also install our Exclusive Compressor Saver! Our compressor saver reduces start time and protects your compressor and other vital components from wear and tear, extending the lifespan of your AC system.

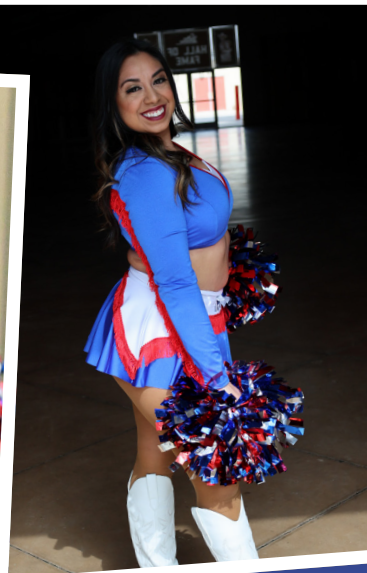

Call Now! 210-293-5547

ALL ABOUT ERIKA CRUZ

How long have you been a cheerleader/dancer? *Since 2016.*

What is your favorite part about being a Six Shooter?
Sharing a dance space with such amazing talent!

What inspired you to get into dance/cheer?

I grew up listening to Selena and watching her connect with her fans, so dancing while cheering on a sports team is my version of that. San Antonio fans are unmatched!!

What is your day job? *High School English Teacher.*

Where did you graduate from?

I am currently getting my Master of Education in School Leadership from Trinity University. I grew up loving this city from afar and I never saw myself in a leadership role until I moved here. To get my master's in my favorite place in the world really is a full circle moment. I'm not finished, either.

What are your hobbies? *I grew up a soccer player, so I love playing on an open field or going for a run on the River Walk. I also love coffee and a book on a rainy day.*

What accomplishments are you most proud of?

Moving to San Antonio to follow my dance dream on MY OWN TERMS.

What is your favorite music to dance/work out to? *Early 2000s hip hop/reggaeton.*

Anything else you want our fans to know?

Don't let age define what you can and can't achieve in life. Choose yourself. Work hard. The rest will fall into place.
