ABOUT THE SAN ANTONIO GUNSLINGERS

Picking up the legacy of the popular USFL team from the 80s, the Gunslingers were founded in 2020 as an expansion team in the American Arena League. After a successful first season, the team joined the growing National Arena League in the fall of 2021. The team changed ownership partway through the 2022 season but was still voted the NAL Franchise of the Year, and several of our players received awards for their skills!

We're excited to see what our 2023 season brings! For more info visit SanAntonioGunslingers.com

ABOUT THE NATIONAL ARENA LEAGUE

Founded in 2016, the National Arena League is now the premier leader in the sport of arena football. The NAL has rapidly grown throughout the United States, and has stretched coast to coast with five teams playing throughout the nation.

Our Mission Statement is *"To consistently provide reasonably priced family entertainment by vetted Arena/Indoor football teams, and to do so with honor and integrity towards our sponsors, fans, and supporters in the communities in which we serve."*

Check out the NAL website at NationalArenaLeague.com

HOW IS ARENA FOOTBALL DIFFERENT?

Arena football as played in the National Arena League (NAL) is different from the outdoor game in many ways.

Our teams have a 21-man roster, compared to a 53-man roster in outdoor football. There are only eight men on the field, and five of those players play both offense and defense.

Our field is half the size of the outdoor field, and a little more than half as wide because there are no sidelines. A four foot padded wall called the "dasher board" surrounds the field instead. A player is down if they are pushed into the wall or hold the ball over the wall. This wall allows fans to get an up-close view of the game, and players can and do go over the wall. When this happens, we do request you give the players back, but you can keep the ball!

Scoring is similar to the outdoor game, but there are more ways to score. On a kickoff, a kicker who sends the ball through the uprights on the opposite end scores a "Deuce" for two points. But *if the kicker misses the net to the left or right, the receiving team is awarded a point instead.* A kick that rebounds off the net is live. If a kickoff returner is tackled in the end zone, the kicking team is awarded a point called a "Rouge" or "Uno." Speaking of the kicking game, the goal posts are half as wide as in the outdoor game, making extra points a lot harder. A team may also "go for two."

All of this is designed to make NAL games high-scoring, action-packed, and exciting to watch. We hope you will agree!

#65 Miquail Harvey

NAL Fans' Bill of Rights

We, the players, coaches, officials, staff and owners of the National Arena League are thankful to the Fans that we serve; we appreciate their support, and dedicate ourselves collectively to providing them with the greatest sports in the world.

We believe that every Fan is entitled to a wholesome environment, free of violence or profane gestures and actions that could interfere with a first-class entertainment experience.

We believe that every Fan deserves our very best effort on a consistent basis, on every play on the field, every action in the stands, every call to our office, and in our involvement in our community.

We believe that every Fan is entitled to a total entertainment experience at an affordable price for all members of the family from the time they arrive at the arena to the time they depart.

We believe that every Fan should receive the very best in fair and competitive football, entertainment, merchandise, food, and beverage for their money.

We will offer Fans the opportunity to interact with and have access to players and coaches for autographs and conversation at the end of every game.

We believe that Fans are entitled to fast, accurate, and complete information about our players, coaches, league, games, and performance.

We believe that Fans expect the National Arena League to be comprised of gentlemen and ladies who are examples and role models for youth, free of physical violence, drugs, alcohol, and gambling abuse.

We believe that Fans expect us to honor our country before each game.

We encourage teams to pray together with Fans before each game begins.

We expect NAL teams to be involved in our communities and to make contributions for a better, safer, and more positive place to live.

We believe that Fans should know that we are committed to serve and not to be served, to give and not to just take, and to inspire and encourage people to higher levels of personal and professional achievement.

We have AC Systems as low as \$72 per month!

JON WAYNE Flex

Jon Wayne Flex AC systems offer flexible comfort solutions that a traditional AC can't, without compromising your comfort.

Why Choose a Flex AC System?

Space Saving Design

With an outdoor unit less than a third of the size of a traditional AC, the Flex system is perfect for those with limited space (like zero lot lines) or unique installation needs like wall mounting. Great for safety and regaining backyard space!

Whisper Quiet Operation

The Flex is so extremely quiet during operation that you won't even know it's "kicking in" due to its unique swing compressor with fewer moving parts. The results are low vibrations, low sound levels, and higher durability.

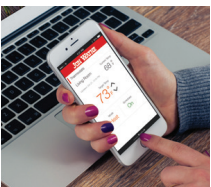

Energy Efficiency

The Flex system features a variable speed fan that uses less energy but can still ramp up to meet your needs even on the hottest Texas days. This is paired with a motor that is up to 40% more efficient than typical AC motors.

Build Quality & Warranty

Our Flex systems are built for quality and durability to handle extreme heat and humidity. Plus, they are backed by a 12-year parts & labor warranty and a 12-year unit replacement warranty, all serviced directly by Jon Wayne!

Intelligent System Controls

All Flex systems come with an intelligent, app-enabled, 2-way system control that makes full use of the system's wide operating range, precision, efficiency, adaptability, and capability to run multiple zones.

Air Quality & Humidity Control

By continuously running at low, energy-conserving levels, the Flex system is also constantly filtering the air in your home, ensuring optimal quality and removing the maximum amount of moisture from the air.

GUNSLINGERS REMAIN 2ND SEED, BUT NEXT GAME CRITICAL

The Carolina Cobras looked every bit a contender for the 2023 NAL Championship last Saturday night in the Greensboro Coliseum as they dominated the San Antonio Gunslingers from the start to a 67-43 finish. The Gunslingers were unable to mount a comeback as they missed opportunities on two key possessions. The loss keeps Carolina's hopes of hosting the first round of the playoffs alive, as they are now only one game back from San Antonio in the NAL standings.

Cobras quarterback Malik Henry completed 28 of his 33 passes for an astounding 85% completion rate, including all ten of his second half passes. Henry finished with eight touchdowns through the air, including four to Nyqwan Murray, two to Miles Kelly, and one each to Lance Evans and Adam Smith. Smith also scored the only Carolina rushing touchdown on a two yard run in the first quarter. Kicker TC Stevens wowed the Greensboro crowd with a very impressive nine-for-nine performance on conversions and two deuces. Stevens missed perfection with two kicks outside the rebound structure, which awarded the Gunslingers two ultimately inconsequential points.

San Antonio started out solid on the first two drives and had an early opportunity to take the lead on a Cobra fumble. Darius Banks stripped the ball away from Carolina's Nyquan Murray near the goal line, and Kyle Chandler recovered the fumble in the end zone for a Gunslinger touchback. On the next play, Kendrick Ings in his debut in a Gunslingers uniform hauled in a 36-yard pass from quarterback Arvell Nelson to set up a first and goal on the four yard line. But San Antonio failed to score and turned the ball over on downs just one yard short of the goal line. The Gunslingers' second missed opportunity to take a lead came on their opening possession in the second

half when their drive stalled at midfield. Nelson finished the game completing 23 of 42 passes (55%) with five touchdowns and one interception. Phillip Barnett caught two touchdowns, and was joined by Brian Robinson, Kadir Chisolm, and Kendrick Ings with one touchdown reception apiece. Calvin Fance scored the last touchdown for San Antonio on a three yard run. Kicker Drew Pearson kicked a deuce and made one of two conversions in the first quarter. The Gunslingers attempted four straight two point conversions, completing only one on a run by Nelson.

Nelson was clearly unhappy with the result but was optimistic about the team rebounding from the loss. "We have got to finish plays and drives, these are all things that we can easily correct with film study. It is do or die, win or go home time now, and it is very important to play at home in the playoffs." San Antonio Head Coach Fred Shaw was even more circumspect about the loss. "We each have to look at ourselves in the mirror and ask, 'What did I do wrong?' There is a lot of blame to go around, but ultimately this loss is on me."

San Antonio remains the second seed in the NAL playoffs but needs a win this Saturday, July 22nd, versus Carolina to clinch the right to host a home playoff game. Home teams are 13-2 in the history of the NAL, 8-0 among the teams currently playing. A third straight Gunslingers loss will almost certainly drop San Antonio to third seed and send them back to Greensboro to face the Cobras in the first round of the playoffs.

One of the greatest outdoor festivals of its kind, the Floresville Peanut Festival offers **FREE** parking and **FREE** admission to the grounds on the Courthouse Square in historic downtown Floresville.

Goober Games kicks off the festivities on Tuesday afternoon at the Floresville Event Center, offering games and activities for the younger crowd. At the Coronation on Thursday, Queen Tunaep is crowned during an elaborate ceremony that also introduces King Reboog and the Royal and Children's Courts. The Royal wardrobe includes gorgeous gowns with long, flowing trains and opulent robes imagined by a local designer and constructed by talented family, friends, and seamstresses.

The Carnival begins the weekend festivities with fun games and thrilling rides on Thursday night through Saturday night. Friday afternoon begins with a Kiddie Parade for the little ones to show off their miniature floats and costumes. That night, assorted vendors, arts and crafts, and sumptuous festival food booths abound. Friday night's entertainment includes a **FREE** street dance featuring an exciting lineup of popular bands on the Main Stage.

Saturday is a huge day-long celebration, beginning with the Floresville Peanut Festival's Grand Parade at 10:00 a.m. The day is full of fun activities for the whole family, including arts and crafts, commercial vendors, and free music and dance performances on stages around the Courthouse Square. Delicious peanut brittle and roasted peanuts are among the tasty treats available to satisfy all peanut cravings. Food and beverage concessions remain open throughout the day and all night Saturday to meet every appetite for popular festival favorites.

Saturday night entertainment on the Main Stage begins with the final **FREE** street dance featuring an amazing lineup of popular bands leading up to the grand finale headliner band. The night's final entertainment is sure to end the annual festivities on a high note! Come Here, Go Nuts!

Why Choose Our Academy?

The Jon Wayne Academy for Technical Excellence is a first class **HVAC training facility that focuses on residential heating and air conditioning**. We are looking for individuals who have a strong desire to embark on a career in the HVAC trade. Our primary purpose is to provide those individuals with top-notch HVAC training and teach them everything they need to know to become state certified entry-level HVAC Maintenance Technicians.

Unlike many institutions, we offer our students real-world experience working in the field with our senior technicians in addition to traditional classroom and lab instruction. Over the years we've graduated many Academy students, and a number of these graduates now hold top paying field positions and fulfill management roles.
